

Attrition rate	Program Admission Criteria	Student selection criteria if number of qualified students exceeds available slots
30.0000	Submit Nursing Admissions Application with the PSB Aptitude for Practical Nursing Exam (minimum scores: academic aptitude - 30, spelling - 25, natural sciences - 35, judgment and comprehension - 30, vocational adjustment - 40). Submit official transcripts. Submit medical evaluation by first day of class. Must have grade of C or better in high school Biology and Algebra I or BIO 110 and MAT 070 or equivalent. Take COMPASS and score these minimums: reading - 78, writing - 63, prealgebra - 45.	Points system: highest cumulative scores of the PSB-Aptitude exam and additional points for completion and final grade in PN curriculum courses within the past 5 years. 30 highest scores are granted admission. 10 alternates are called if any of the top 30 decline.
30.0000	Meet the required minimum scores on the ASSET or COMPASS placement tests, have a grade of C or better in a high school or college chemistry course taken within the past 10 years, provide evidence of completion of the following courses: BIO 163, PSY 150, ENG 111 - 6 points given for an A, 4 points for a B, 2 points for a C, provide college or unweighted high school GPA.	Point system - admission is offered to the 20 applicants with the highest point totals.
32.2581	Open door policy - ASSET testing, developmental courses, program courses.	Students are admitted in chronological order and as they have met the prerequisite courses if needed (developmental)
33.3333	Currently an open door policy. 2003-2004 will change to select admission, NET entrance test and ranked scores.	Currently the admission committee meets regularly to review applicants, those submitted by deadline are considered in order they applied. In 2003-2004 we will change to NET ranked scores.
35.0000	see the current admissions bulletin (not attached)	Point system: 20 applicants with the highest overall points are admitted. Raw scores are calculated based on NLN exam scores. Points for verbal and math sections are counted once, science section scores are counted twice. Essay responses are evaluated and may add or subtract from points score.
35.0000	Meet minimum score on placement test/SAT/ACT test to demonstrate English, Math and Reading competencies, or show a grade of C or better in the following courses or their equivalents: ENG 090, RED 090 OR ENG 095, ENG 111, MAT 080; show evidence of a minimum GPA of 2.0 on transcript of record.	Point system - 50% from GPA and 50% from completion (or grade?) on seven academic courses required for the PN program: ACA 111 OR 118, BIO 106 OR 168, CIS 111 OR 110 ENG 111, PSY 110, a physical education elective and 5 points for nurse aide certification. Top ranking students are offered admission.
36.5385	Selective admission process: minimum scores on CPT placement test (reading 80, sentence skills 86, math 57); completion with a C or better Algebra I, biology; CNA certification; CPR certification.	Points system: grades in prerequisite courses plus previous health-related training and post-secondary education.
40.0000	General admission requirements; ASSET/COMPASS testing; ACT of 16 or better within 5 years of admission; overall GPA of 2.0; grade of C or better on nursing related courses; criminal record check as required by affiliating clinical agencies.	By point system.
40.0000	Submit official transcripts; take placement test or qualify for exemption; attend school orientation and meet with advisor; place into English 111; place out of or complete Math 060 and 070 with a C or better; achieve minimum scores on Health Occupation Basic Entrance Test or Nursing Entrance Test; meet with nursing program faculty; show evidence of current CNA I registry listing; current CPR certification; complete medical forms, attend nursing summer orientation. An alternative process exists.	1st come (qualified), 1st to enter.
